

DINOSAUR BAR-B-QUE ALLERGEN INFORMATION

Dinosaur Bar-B-Que makes every attempt to identify ingredients that may cause allergic reactions for those with food sensitivity. Our staff have been trained in the possible severity of food allergens and the need to ensure the safety of our guests. However, there is always the risk of ingredients coming in contact with other ingredients both in our facility and that of the manufacturer. We cannot guarantee that the following list is all inclusive as it is based on reporting from individual producers and vendors. Dinosaur BBQ will not assume any liability for adverse reactions to food consumed or items one may come in contact with while at our restaurants.
